Happy  
New Year  
2026

**THERE'S MORE**

Dear Beloved Family,

Happy New Year to you and yours! As we step into 2026, my heart is full of gratitude for all God has carried us through and deep expectation for what lies ahead. We've seen His faithfulness in seasons of joy and in moments that stretched our faith—and through it all, He has remained true.

As we prayed and follow God's direction for this year, one clear word settled in our spirits: There's More.

This is not a message of pressure or comparison. It's an invitation. An assurance that God is not finished with you, with us, or with this church. There is more grace for the journey, more strength for the weary, more clarity for the confused, more healing for the broken, and more purpose unfolding step by step. Whatever 2025 took from you, God has much more for you. Whatever dreams were delayed, God has more. Whatever questions you're carrying, God has more wisdom, more peace, and more direction ahead.

**There's More:** This also calls us deeper to be more rooted in Christ. More prayerful. More compassionate. More obedient. More willing to trust God beyond what is familiar and comfortable. As a family, we believe God is leading us into more grace, more strength, more wisdom, more light, more favor, more advancement, more victories, more testimonies, more manifestations and more of God.

**Welcome to 2026. Welcome to more of God's presence, more of His power at work in your life and more of His goodness revealed.**
